 GameStop Store Leader: **Tony Samuel**
 Microsoft Market Manager: **Jose Salinas**

Tony is a fan of Game Pass. When he sells Xbox consoles, he always recommend getting Game Pass Ultimate. He believes the games available on GPU showcase the best that Xbox has to offer with exclusive series like Gears of War, Forza and new release like Hi Fi Rush. He also likes to recommend customers who don't have Game Pass Ultimate to try it by using their \$5 Pro Member coupon to get one month of GPU for \$10.
